SOLUTION: At CAM (Raleigh's Contemporary Art Museum in the heart of the SPARKcon 2019 festival), waist high/ 42 inches above the ground, on the second post and behind the second shrub of the CAM courtyard edging fence barrier, 36 sidewalk squares/ blocks/ faux pavers and/or 30 steps in "A_row" or as an "Arrow" away from the giant yellow CAM sign letters which perfectly aligns with the height so to look through the giant A toward the courtyard edging and right under the Alan Iverson (known as The Answer) mural.

Finding that it is at CAM. The A is important. Look through the A which is 42 inches at apex of the hole and through the site of the event knowing it's 36 blocks and/or 30 steps away at a height of 42 inches. And you can use that it's the 2nd shrub or post for a confirmer as well as The Answer (Alan Iverson) if you figured that out or knew it. Note the elimination clues, telling treasure hunters it was not on Davie street and not on West street, CAM is on the corner of Harrington Street and Martin Street.

FOUND by Chris Noto from Team Silver Curl at 5:42pm

Static Clues

these clues will be
in their location throughout
the treasure hunt so you can
visit when you feel like it

Time-Specific Clues

these clues will need
to be obtained by visiting
a specific SPARK event
at a specific posted time

Instagram Clues

these clues will post
to Instagram at
#sparkconquest2019
randomly throughout the day

Stay Alert Clues

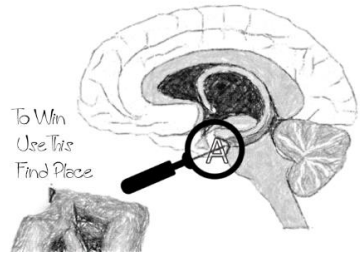

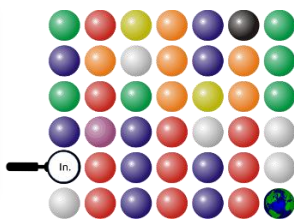

these clues could
be anywhere & any time
always be watching
for the Spyglass Symbol

WHO SAID THERE WAS NO “i” IN “TEAM” ?
